

## **Cisco Systems Awards NY State Contract to PROMENET**

**April 2, 2007**

**New York, NY** - PROMENET, Inc., a leading provider of IT consulting and network integration services, announced today that Cisco Systems has awarded the company a ten-year purchase and maintenance contract (PT59009 & PS59010) to sell networking hardware and software to New York State, county and municipal agencies, as well as school districts.

"We are pleased to have established this relationship, and we look forward to the opportunity to provide the various agencies with the Cisco technology solutions that will help them serve the citizens of New York," said John Sowarby, Senior Account Executive, PROMENET, Inc.

Cisco Prime State Contracts enable state agencies to streamline the procurement process by pre-selecting a limited number of qualified vendors through a competitive bid process. PROMENET earned the contract by demonstrating its technical expertise, past project performance, staffing capabilities and general reliability in all areas related to network consulting, design and integration.

### **About PROMENET**

PROMENET Inc. is a leading provider of IT consulting and network integration services to small/medium-market customers in government, educational, healthcare, hospitality and financial services industries within the New York Tri-state area. The company offers technology practices in network security, advanced network infrastructure, voice over internet protocol (VOIP), and product sales. PROMENET's multi-disciplinary approach allows our clients to turn to a single source for their most critical technology requirements. PROMENET's multi-disciplinary approach allows our clients to turn to a single source for their most critical technology requirements.
